

KTC Theme Song

Commissioned by KTC and written by Alyson Faith of the Funkytown Playground

Landfills are filling up
Mother Earth is calling to us
We can help create some space
Not all garbage has to be waste

Let's try
You and I
It's easy and it's fun
We will teach you how it's done!

Let's get a bucket
And fill it up
You can put in all kinds of stuff
Fruits and veggies
Egg cartons and wood
Pasta and pizza boxes
It sure feels good

(because we're breaking it down,
breaking it down, breaking it down)
KTC making history

You will feel proud
Yes you can boast
To be a part of
Kids that Compost
Kids that Compost

Our compost will turn to soil
Plant a garden compost style
Saving the earth is so worthwhile!

And you can smile
You will feel proud
You can shout it
Right out loud
Do it at home
Do it at school
Teach your friends and family
Composting is cool
You'll make a difference
And that means the most
You're a part of
Kids that compost
Kids that compost
